On Saturday evening we were privileged to hear an amazing lady speak.

Jacqui Dundee travelled from Victoria and spoke about the importance of knowing our rights under the AUSTRALIAN CONSTITUTIONAL LAW of 1901 and the protections it provides for “We the people”.

Jacqui spoke about the importance of being proactive and researching yourself to better understand and know your rights.

Jacqui went through sections of the constitutional law that are relevant right now. The Government overreach in our lives is abundantly clear, and Jacqui is a true fighter of our basic human rights under these AUSTRALIAN CONSTITUTIONAL LAWS.

Her amazing energy and passion for what she does was very clear during the evening. Jacqui is a tireless advocate of the people. She works often without any remuneration.

You can make a donation to Jacqui and her great ongoing through her go fund me page.
